

## Industry-Leading Cosmetology School Management Software And Enterprise Salon Software

For **20+ years**, GuestVision has provided industry-leading software to top cosmetology schools and enterprise salons. We are a subsidiary of Jonas Software which is an operating group of Constellation Software, Inc. (CSI), a public company listed on the Toronto Stock Exchange (CSU.TO). CSI has revenues of over \$4 billion USD and over 25,000 employees across the globe. Our robust point of sale (POS) software provides all the tools you need to manage your business efficiently, from time tracking to inventory management.

### School and Salon Technology Solutions

#### Point of Sale

Our POS offers all the features needed to run your cosmetology school or salon chain. With technology that easily integrates with our time clock and inventory management systems to automate tasks, your team can focus on providing excellent customer service.

#### Time Clock

Time is money, and tracking student attendance and accreditation hours along with salon staff productivity, are critical to business success. Our time clock is ideal for schools or enterprise salons. With easy biometric or mobile clock-ins, monitoring time and attendance have never been easier.

#### Inventory & Dispensary

Get the most out of your inventory with a 360 view of all your inventory and stock, from retail items to professional products used for the back bar. Our software streamlines your operations, reduces theft and over-buying, and increases retail sales.

# Industry-Leading Software Features

## Online Booking

Reduce administrative costs and give customers the convenience they crave by enabling customers to schedule their own appointments online 24/7.

## Self Check-In

Streamline the check-in process by allowing customers to check themselves in from a kiosk station or tablet, freeing up students and salon staff to focus on what matters.

## SMS Text Message

By combining SMS with our POS software or Online Booking, you can send automated messages to customers to reduce no-show appointments and encourage engagement/rebooking, as well as send mass marketing messages.

## Digital Menu Board

Show guests your modern flare with a customizable service menu that conveniently displays real-time waitlists and information on products, promotions, and services.

## Payments

Quickly accept payments at your business with our solutions that integrate with your POS. We partner with leading payment processors to offer secure and reliable solutions.

## Mobile Time Clock

Our app makes it easy for students and staff to clock in/out from smartphones, tablets, or remote terminals to track attendance and labor production anywhere.

## Why Work with GuestVision?

### Customer Engagement

Keep customers satisfied with our advanced, web-based, mobile-friendly scheduling software

### Technical Support

Proactive customer support when you need it to keep your operation running smoothly

### Enterprise Ready

Multi-location administrator access makes it easy to manage your business

### Integration

Easily integrates with your existing SIS software to provide a fuller picture of your students' data without all the extra staff time for data entry

### Remote Management

Remote access so you can keep a pulse on business operations 24/7 from anywhere
